## PAYROLLS ARE ON INCREASE

Dun's Review Says Laborers and Wage Earners Are Receiving More Money

INCREASED payrolls and the continued low temperature are assigned as reasons for the steady enlargement of relief distribution all over the United States in the last week, by Dun's Weekly Review which adds that houses are circulating more freely and railroads are showing gratifying improvement.

Bank clearings always a reliable measure of business show in the leading centers an increase of 7.9 per cent in excess of a year ago and an increase of 34.5 per cent over 1912. In spite of the freight suggestion on the Atlantic seaboard caused by inadequate shipping facilities, the gross revenues of railroads resulting for the first two weeks of November show an increase of 15.9 per cent over 1912.

Full employment of labor, the general financial improvement of the public accumulation of gold in this country due to the war and the absence of speculative activity, according to the review, have caused the anomalous situation of money rates declining rapidly just at the holiday season. Post offices showed an increase of \$200,000,000 in October over the greatest gains ever noted.

Highest prices are prevalent in the primary textile markets, however, owing to the unusual conditions prevailing in the raw materials. Silk fibres and some grades of wool are advancing steadily, but cotton continues steady.

All finished products are selling well especially in the agricultural and industrial centers. Shoes are selling rapidly but raw leather and leather products are not on so firm a basis.

The approach of the convening of Congress is given as a probable partial explanation of the slump of the stock market. Speculation has declined to the smallest in several months, daily sales averaging about 500,000 shares. Investment demand, on the other hand, is a prominent feature of the exchange. Standard railway shares are the strongest sellers.

**THREE LARGEST CONVENTIONS**

Largest conventions in years just closed in the largest hall in the State, where dancing opens tonight as usual with the best dance made in the State Auditorium—Adv.

**WAR VIEWED AS EXALTED SPORT**

LONDON, Nov. 29.—The much criticized British view of war as a sort of exalted game or sport is emphasized in a British officer's description of the bombardment of Dodecanes by the British Fleet contained in a letter published here. His letter bristles with such phrases as "It was a grand finale for the men," "The ships' companies enjoyed themselves immensely," "The harbor master's office burned splendidly," "The destroyers were able to cross in and out all manner of things."

Irregular bowel movements lead to chronic constipation and a constipated habit fills the system with impurities. HERPINE is a great bowel regulator. It purifies the system, vitalizes the blood and puts the digestive organs in fine vigorous condition. Price 50c. Sold by Westfall Drug Co.

## AN ELECTRICAL COTTAGE HERE

House Equipped With All Latest Devices—Feature of Prosperity Week

Promptly at 2:30 Monday afternoon the doors at 17 West Main street were thrown open to admit visitors to the big new room, where is exhibited every known electrical household appliance.

The first electrical property shown ever had in Oklahoma City made its bow in the palace.

Strings of red, white and green electric light bands were strung from the big sign at the intersection of Main street and Broadway to the display headquarters.

Today morning, while snow, the rooms had been decorated with yards of crepe paper and hundreds of lights of all sizes and powers. When darkness comes Monday the globes will begin to twinkle along Broadway and Main a colorful message of prosperity to every one in the city.

A COMPLETELY furnished residence of four rooms equipped with the latest electrical devices and time-saving apparatus of all descriptions will be one of the most attractive displays in electrical equipment at 17 West Main street during the celebrated prosperity week, November 28 to December 4. The setting is a model of a bed room, sitting room, kitchen and dining room. Instant in the electric display will be not only lights of all kinds, but small lamps, curling irons and other house accessories, and biggest and best of all an electric broil or meat grinder, imagination. A meat will be prepared to be projected on the screen by electric device.

The approach of the convening of Congress is given as a probable partial explanation of the slump of the stock market. Speculation has declined to the smallest in several months, daily sales averaging about 500,000 shares. Investment demand, on the other hand, is a prominent feature of the exchange. Standard railway shares are the strongest sellers.

Visitors to the home will be entertained by a maid service. Girls are not only among the most singers in the southwest, but expert musicians as well. They form an orchestra, each manipulating a stringed instrument.

Electrical Household from the corner of Broadway and Main to the headquarters of the many headquarters will be one of the finest things of its kind ever seen in the southwest, according to the promoters of the scheme.

A prominent Oklahoma City society girl has consented to stand sponsor for the movement locally. Each day she will appear in a certain store at a previously arranged hour, and the first person greeting her with the question: "Are you the Goddess Elektra of Electrical Prosperity Week in Oklahoma City?" will be allowed to escort her to headquarters. Certain details of her dress will be advertised so that her identification will be less difficult. It has been suggested that she appear on the first day of the show dressed in queenly robes, her crown illuminated by tiny jewel lights.

**COMING TO THE LYRIC**

The Six Water Lilies

One of the most magnificent aquatic features ever to appear in any water carnival of rare beauty. The harbor master's office burned splendidly. "The destroyers were able to cross in and out all manner of things."

DANSANT, LEE HUCKINS, SATURDAY, 8 P. M.

**WASHINGTON WARD BUILDING CLOSED**

School Will Be Locked Up Early Out of Respect to Principal, Miss Fox, Whose Father Died

Washington school will be closed early Monday afternoon out of respect to its principal, Miss Mary G. Fox, whose father, John Fox, 82 years of age, died at his home on West Second street Sunday afternoon after having a prolonged illness.

The Washington school teachers will send the school in a body, while the principals of other city ward schools he able to do so will also be present.

The funeral is to take place at the family residence Monday afternoon at 3:30. Rev. L. Frank Ronal, pastor of First Methodist church, officiate.
